ABOUT ROHANNAH

We are a renewable infrastructure contractor with operational capability across the UK, USA, Europe and the Caribbean.

Our teams deliver integrated construction solutions that support EPCs, developers and principal contractors from early works through to mechanical completion.

INTEGRITY
We do what we say

QUALITY
Right, first time

ACCOUNTABILITY
We own it

SAFETY
People first, always

TEAMWORK
Stronger together

SUSTAINABILITY
Building a better future

02

WHY CHOOSE ROHANNAH?

INTEGRATED SOLUTIONS
Civil, mechanical, fencing and landscaping delivered under one accountable partner.

EXPERIENCED TEAMS
Skilled, disciplined and multi-disciplinary workforce with proven delivery capability.

SAFETY FIRST
Robust systems and a culture that prioritises the wellbeing of our people.

RELIABLE DELIVERY
Focused on programmatic certainty, communication and results.

QUALITY ASSURED
Committed to the highest standards and continuous improvement.

INTERNATIONAL CAPABILITY
Operating across multiple regions with local knowledge and global standards.

03

04

CIVIL ENGINEERING

Enabling works and infrastructure that build the foundation for successful renewable energy projects.

- Site Clearance & Preparation
- Earthworks & Bulk Excavation
- Drainage & SUDS
- Roads & Access Tracks
- Foundations & Concrete Works
- Inverter & Substation Bases
- Site Management
- General Civils

05

PROJECTS & EXPERIENCE

We have successfully delivered a wide range of utility-scale renewable energy projects across multiple regions.

Our experience spans diverse ground conditions, project sizes and client requirements.

CIVIL ENGINEERING

MECHANICAL INSTALLATION

FENCING & SECURITY

LANDSCAPING & ENVIRONMENTAL

09

MECHANICAL INSTALLATION

Precision installation for utility-scale solar PV projects.

- Pile Installation
- Mounting Structures & Trackers
- Module Installation
- Mechanical QA/QC
- Pull-Out Testing
- Mechanical Completion Support

06

SAFETY & QUALITY

Safety is our highest priority. Quality is our standard.

- CDM Compliant
- ISO 45001 Aligned
- Method Statements & Risk Assessments
- Toolbox Talks & Training
- Quality Inspections & Testing
- Continuous Improvement

10

FENCING & SECURITY

Protecting assets and people with secure, compliant solutions.

- Perimeter Fencing
- Security Gates
- Access Control
- Wildlife & Deer Fencing
- Temporary Fencing
- Anti-Climb Solutions

07

INTERNATIONAL PRESENCE

LANDSCAPING & ENVIRONMENTAL

Enhancing environments and supporting biodiversity on renewable energy sites.

- Landscape Design & Implementation
- Screening & Buffer Planting
- Habitat Creation
- Grass Seeding & Turfing
- Erosion Control
- Environmental Management
- Maintenance & Aftercare
