WHO WE ARE

Rohannah Solar Energy Management Ltd delivers integrated civil engineering, mechanical installation, landscaping and fencing solutions for utility-scale solar developments.

- ✓ Operating across the United Kingdom, United States, Europe and the Caribbean.
- ✓ We partner with EPCs, developers and principal contractors as a trusted, single-source delivery partner.
- ✓ Our multi-discipline approach reduces interface risk, simplifies coordination, and drives programme certainty.
- ✓ With a directly managed workforce of 280+ professionals and a capacity to mobilise up to 2,500 people across multiple projects, we deliver at scale.
- ✓ We are committed to safety, quality, sustainability and building long-term partnerships.

- Earthworks & site preparation
- Access roads & hardstanding
- Drainage & attenuation
- Foundations & groundworks
- Crane pads & concrete works

MECHANICAL INSTALLATION

- Piling (where specified)
- Structure & racking installation
- Fixed-tilt & tracker systems
- Module installation
- Torque management & QA/QC
- Mechanical completion

LANDSCAPING & ENVIRONMENTAL

- Tree planting & hedgerows
- Environmental mitigation
- Grass seeding & vegetation
- Habitat restoration
- Erosion & sediment control

FENCING & SECURITY

- Perimeter & security fencing
- Vehicle & pedestrian gates
- Wildlife fencing
- Access control solutions
- Security infrastructure

WHY EPCs CHOOSE ROHANNAH

ONE ACCOUNTABLE PARTNER
Single point of responsibility across multiple disciplines.

REDUCED INTERFACE RISK
Fewer handovers, less risk, better coordination.

PROGRAMME CERTAINTY
Disciplined planning and execution to keep projects on track.

QUALITY ASSURED
Robust systems aligned with UK CDM, ISO and OSHA standards.

SUSTAINABLE APPROACH
Committed to environmental stewardship and responsible construction.

RAPID MOBILISATION
Experienced teams and systems ready to mobilise quickly.

CAPACITY

Across civil, mechanical,
landscaping & fencing

2,500

DELIVERY
CAPACITY

Scalable workforce
to meet project demand

12+

REGIONS OF
OPERATION

Global reach.
Local understanding.

DELIVERING EXCELLENCE ACROSS DISCIPLINES

**CIVIL
ENGINEERING**
Building the foundations
for long-term performance.

**MECHANICAL
INSTALLATION**
Precision installation.
Built to last.

**LANDSCAPING &
ENVIRONMENTAL**
Enhancing landscapes.
Protecting the future.

**FENCING &
SECURITY**
Securing assets.
Protecting communities.
